

Dyrekommunikation med Anna Twinney

Dyrekommunikationsaften på nyt Hesteliv med Anna Twinney tirsdag den 11. maj 2010 kl. 18.00

Du vil lære at:

- Lytte til dit dyr
- Forstærke kærlighed, respekt og forståelse mellem dig og din dyreven
- Opnå ny indsigt og viden i hvem de virkelig er
- Del tanker, ideer og følelser

Denne hjerte til hjerte forbindelse kan læres og opleves af alle. Det eneste, det kræver, er et åbent hjerte, sind og lyst til at lytte på dyrene.

Du kan opleve den fantastiske og harmoniske oplevelse, der er mulig, når du åbner op, og det går op for dig, at alle levende skabninger er intelligente væsen med deres egne følelser, tanker, ønsker og opfattelse af livet.

Så tilmeld dig i dag, og lad Anna Twinney tage dig på en rejse ind i dyrekommunikationsverden.

Pris: kr. 500,-

Tilmelding: Regina Højfeldt Flittner på mail [regina@reachouttohorses.dk](mailto:regina@reachouttohorses.dk) eller på telefon +45 20 48 90 27 efter kl. 18.

An Evening with Animal Communicator Anna Twinney

Spend the night with Anna and learn how to... Talk to the Animals like Dr. Doolittle! Discover a World You Only Thought Existed in the Movies!

*Through demonstrations, lectures, and exercises, Anna will introduce you to the amazing world of interspecies, telepathic communication, or "animal communication." Using your inherent gifts you will begin to uncover your own ability to telepathically connect and communicate with a being of another species. This two-way communication is accomplished through images, feelings, thoughts, emotions, words, and other intuitive senses.*

***During This Evening Workshop You Will Explore:***

- **What is Animal Communication and how do you use it to connect with your Animal?**
- **How to tap into your own intuitive abilities**
- **Your animals perspective on situations**
- **The scientific perspective**

**And More...**

*Animal Communication is not supernatural, but a natural way of communicating with animals and even people! Animals communicate telepathically with one another all the time, we just need to reawaken those intuitive senses to explore this extraordinary skill. This is a heart-to-heart connection that everyone can experience if they open up, love, and listen to the animals. You will discover the beauty and harmony of the natural world, and awaken to exactly what is possible, when you understand that all living creatures are intelligent beings, with their own feelings, emotions, thoughts, desires and perceptions of life.*
